

- Has your son ever looked for his Spanish notes in his Math binder?
- Has your daughter ever highlighted every sentence in her History book until the whole page was yellow?
- Do tests seem to take your children by surprise?
- If you look into your child's backpack, will you find old notes and tests crumpled on the bottom?

Renaissance Kids, Inc.

is proud to offer a

ONE WEEK INTENSIVE STUDY SKILLS SEMINAR

Specifically created for students entering grades 7-9.

August 7 – August 11, 2017

Monday-Friday 10 AM – 12 PM (10 hours)

\$850

10 students per class

Organizing and prioritizing helps students make the most of their academic opportunities. Renaissance Kids' Study Skill Intensive does even more. Much of academic success depends upon adapting the student's study methods to his or her teacher's criteria. This class uses one study unit of History, Algebra I, Science, or Language to explore different study skills and learning techniques, emphasizing the ability to teach oneself. In one week the student will have a chance to try different learning styles in a non-stressful atmosphere. The student can then apply the skills learned to his or her actual schoolwork.
